

## REMARKS

In the *Notice Regarding Drawings*, the draftsman indicated the character of the lines, numbers and letters was not compliant with 37 C.F.R. § 1.84(l). Specifically, the draftsman indicated the "[l]ines, numbers & letters [in Figure 1-5 were] not uniformly thick and well defined, clean, durable and black."

The replacement figures submitted herewith satisfy the requirements of 37 C.F.R. § 1.84(l). Namely, the replacement sheets exhibit figures that have lines, numbers and letters that are uniformly thick and well defined in addition to being clean, durable and black.

No substantive change to the drawings as filed is made by these replacement sheets nor is any new matter introduced. No change to the brief and detailed description of the drawings is required through submission of these replacement sheets.

## CONCLUSION

Applicants believe the objections raised by the draftsperson have been fully overcome through the submission of the present replacement drawings. As such, Applicants request entry of the replacement drawings thereby allowing the present application to issue, the issue fee for this application having been previously paid on March 18, 2005.

The Examiner or draftsman is invited to call Applicants' representative at the number below if he has any questions or if there are remaining outstanding issues.

Respectfully submitted,  
Seng-Khoo Tng et al.
